About Me

I am a Petroleum Engineering student specializing in Chemical Process Engineering at the Faculty of Hydrocarbons, with experience in the upstream oil and gas industry and an internship at ALNAFT. Certified in digital marketing, I have over two years of experience as a freelance SEO copywriter.

As a volunteer with both the Society of Petroleum Engineers (SPE) and the International Association for Drilling Contractors (IADC), I have developed strong leadership and teamwork skills. Passionate about sustainability, I aim to create innovative solutions in the energy and digital marketing sectors.
